Dear Posey:

First of all please let me know where is the best place to write to you. I imagine you are spending more time in the east now-a-days, but I do not know any place out east to get in touch with you.

First of all, now that we were rained out Sunday, we should make the night game here in Newark a League game. This will only be five games for us this half.

Next I received a check from Knoxville but it was only for \$35.00. It should have been \$45.31.

Next I called Elias as soon as I received your letter, and asked him to send me some score sheets and envelopes. He promised to get them in the mail right away. I planned to give them to you Sunday in Newark. To date I have not received them. I have called him and could not get him. I will send them to you as soon as I receive them. Where do you want them sent.

I am still wondering if there is a chance to get a night in Washington this next half.

Will be looking to hear from you.

Very Truly Yours
